2 Agenda and Discussion

- SSRS Kick-off meeting
it was held in Paris last Wednesday. The point will not be discussed before the release of the official MoMs (the discussion on the subject that took place will therefore not be in the present MoM).
- WP2 documents
 - Requirement document D2.6-D2.9
call for review will be delayed for a few days. Nevertheless I will try to send the document today in pdf.
 - Review marks
Review marks from other WPs are not considered as approval by the WP2 =; This is the end of the review that has this role. As for the marks of the WP7, they are purely internal to this work package, and therefore only have an informative value for us.
